### Giving equal opportunity to clients, their family and employees

New Era HomeCare Solutions, Inc. ensures equal opportunity in services and employment to the clients, their family and all applicants for employment. We subscribe to "zero tolerance" on discrimination of any fashion.

## Our Mission

Whether recovering from a major medical procedure, illness and/or needing assistance with the activities of daily living, our mission is to help ensure compassionate care, self-worth, meaning, dignity, welfare and well-being to you and your loved ones.©

## Our Vision

To be a unique kind of home healthcare agency - one that ensures prompt, responsive, integrated and comprehensive care and services to our clients' individual and specific needs.©

We invite you to contact us, so we could discuss how to serve you and/or your loved ones. You may also schedule an appointment for a needs assessment.

## About Us

### How We've Grown?

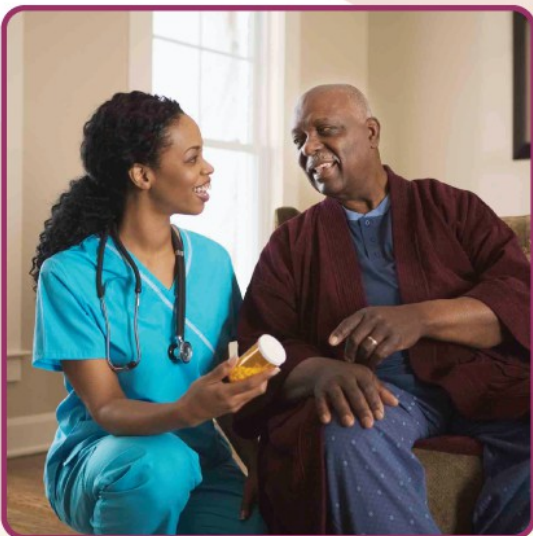

From a humble beginning, we rose. One client at a time, we've managed to earn their trust and have been privileged to receive referrals because of our admirable business practices.

We understand how important our clients' health conditions at home are. With that in mind, we only provide dedicated care and attention through skilled nursing care, private duty, personal assistance services, as well as specialized therapy services.

Over the years, our clientele has grown in number and our patronage has become steadier. It is a privilege and an honor for us to continue the advocacy to serve those in need through our network of patients/clients, their families and care professionals.

### An obsession for quality

We are consumed and committed by the drive to maintain the high standards we have set for this agency. If you are not fully satisfied with the home health care and services you received, that means neither are we. For this reason, we strongly consider the feedback and comments of patients/clients and their family members. This helps us to improve and become a better home health care provider.

## Our Services

At New Era HomeCare Solutions, Inc., our normal practice involves a pre-service needs assessment. These comprise an evaluation of a patient/client health requirements and/or assistance services needed in her or his home.

A Registered Nurse and/or Case Manager will be assigned to visit the patient/client at home to conduct an assessment. Based on the outcome of the assessment/evaluation, an individualized and specific care plan that is unique to the patient/client is developed for her/his treatment, care and assistance in the patient/client's home.

### Our Agency offers these Home Health Care Services

- Skilled Nursing
- Private Duty Nursing
